

Classroom Accommodations for Students with ADHD

Bonita Blazer, PHD and Mary Ann Ager, MD, from Feel Good Kids, www.BBlazer.org have designed an interesting document about Classroom Accommodations for Students with ADHD. They have generously accepted to put this information on Dr Annick Vincent's website. *This compilation is part of an ethnographic study of 10 school districts with over 500 teachers and responders to the question: "What teachers say helps students with ADD achieve success in school". This compilation is the prioritized consensus of their most effective classroom accommodations (finding drawn from data collection).*
